Two little prophetic thoughts

...challenging our society on how we live with our neighbours

Gordon Brown has accused the EU of adopting a “neocolonial approach” to the supply of Covid-19 vaccines and demanded rich western nations relinquish their stranglehold on pandemic treatments.

Gordon Brown - you can tell his dad was a preacher!

He noted that 50% of the adult population in Europe, the UK and the US had been fully vaccinated, while the figure for Africa was only 1.8%.

“We must keep reminding ourselves of the reason for ensuring the mass vaccination of the entire world,” he said. **“No one is safe anywhere until everyone is safe everywhere, and everyone will live in fear until nobody does.”**

Here's a voice from **Lutheran Pastor Mitri Raheb** in Bethlehem, from right at the start of the pandemic, saying something similar to Gordon Brown **“We are all in it together”**

“One important insight into coronavirus is that we are all in it together. There's no difference between a Chinese, an Italian, a Palestinian, a German, an Israeli or an American. The whole world is one big village. Some countries might be better prepared than others, some people more aware than others, but at the end of the day we are all equal. **Walls don't work, borders don't help, only close cooperation to build a common future can make a difference.**”

Our second prophetic thought is this alarming little message from MP Jon Trickett - another cry for equality.

Prayer

Here's a prayer which is part of the lyrics of a song from the forthcoming '**Easter Revolution**' album - the song is called '**Forgiveness for Humanity**'

Loving God - can we have forgiveness for humanity
Can you forgive the whole human race

Can you help us start again, with a new kind of spirit
So peace, love and mercy become the human way
So justice and equality become the human way
So a lifestyle of love becomes the human way
So care for the planet becomes the human way

Give us a new spirit - a spirit of hope
Give us a new way that's making us whole
May we treat all with justice and with equality
So loving our neighbour becomes the human way
And loving our planet becomes the natural way

Amen
